

# Christchurch Centenary Camp 2007

Friday 25th May - Monday 28th May

**DAY 4**

The day started as it had finished the previous night, raining! At least it wasn't as heavy.

Scouts separated off to do their own programme of activities and the cubs visited the different groups completing 'Raven' type challenges. From Egyptian games, through to water games and puzzle challenges, the cubs took part in them all. The morning had brightened up somewhat and at least the rain did stop, even though the floor was still thick gooey mud and long wet grass. Even Den put long trousers on, so it must have been chilly!!

Each Group then held it's own street party for lunch, before cleaning up the sites and packing their bags, ready for the off.

Finally, after flagdown, where we thanked everybody for putting on this tremendous camp for us, it was time to go home. Back to a hot bath/shower and a warm, dry bed!! But It has been great fun!!

*With printed cakes supplied by District for the StreetParty the end was in sight...*
